

**Greater Toronto Apartment Association
Charitable Foundation
Annual Donation Request**

The Board of Directors of the *Greater Toronto Apartment Association Charitable Foundation* invites you to make an annual voluntary, tax-receiptable contribution to the Foundation as part of your membership in the *Greater Toronto Apartment Association*.

As you know, the Foundation is instrumental in providing financial support to community agencies doing on the ground work with the homeless and hard to house. These agencies are grateful for our support and have indicated that a number of their most successful programs only operate because of this support.

Further, the support the Foundation provides also helps demonstrate that companies involved in the rental housing sector do care about people having homes. The industry's positive aspects are shown through this support and it has been widely recognized by politicians, media and housing providers.

We invite you to make a commitment for which the firm or individual will receive a full tax credit. A separate cheque made payable to the *Greater Toronto Apartment Association Charitable Foundation* is required.
